SOUTHERN ITEMS.

The Raleigh Standard says the small-pox is still rampant in that city.

The Newbern Times states that Judge George W. Brooks and Solicitor Starbuck arrived there on the 21st inst., for the purpose of holding a term of the United States District Court.

The President has approved the death sentence of two citizens of Georgia, named Christopher C. Rease and John M. Brown, who were condemned by a military court for the murder of a negro woman named Nellie West in Tallapoosa county, in that State. The executions are to take place on the first Friday in January.

Facts in Gurley's Case—A Studied Insult.

The following are substantially the facts in Gurley's case. In the summer of 1862 Gen. McCook, who was at that time unwell, was traveling in an ambulance in advance of his command. Captain Hunter Brooke, formerly Provost Marshal at this place, was with him at the time. Gurley rode out of the woods, up to the side of the ambulance, and rendered, it is said. Gurley was afterwards caught and tried before a military commission and sentenced to be hung. The finding of the commission was never acted upon, and Gurley remained in confinement until he sold his piano, he was specially examined, along with several others, for an equal number of our men who were held by the rebel authorities. The reason why Gurley was not hung at the time was, that there was danger of retaliation at that time. He had passed out of sight, unobserved, and disappeared from the political arena, when the papers in his case were revised, and the original sentence was approved by President Johnson.

Had the rebels of Madison county, Ala., taken their overhated brains for one year, of one month, and offered a general insult to the friends of the Government in than in electing to the office of Sheriff, Gurley, the assassin of General McCook.

To take a guerrilla, just escaped from the hands of a military court, where he had been condemned to death for murder, McCook, and his boy; my name is Peter, and I will, and I will do it for favor."

"The President promptly replied,

"Your case must take its chance with others, and in a regular way: I cannot take it up now." This was an evident set back, but Miles rallied and said: "Well, sir, I will be a large bore, and a good one, for which there can be no apology. And I will do it in some civil pursuit, without making any professional." He had lost everything and must do something." That is not necessary," answered the President, "there are no such papers used." Not to be put off, Miles continued, "there are no manumis by which I can be exonerated." "None at all, unless you see the Attorney General should not be granted," and the chivalric Miles bowed hurriedly out of the presence of the man he had so often mocked, and hunt up the Attorney General and hurry his rebirth through.

There remainable widows are living in New York. The first is Mrs. John Webster, tall, handsomely and stately, in splendid health, and always magnificently dressed. The second is Mrs. Daniel Webster, not so well preserved, nor so young, but still a notable lady. The last is Mrs. Mary Maxwell, daughter of the former Hugh Maxwell, a former collector of the Port of Boston, and a distinguished merchant. The first Mrs. Kearney was Miss Diana Cuthbert Buillit, of Louisville, Kentucky, sister of the present collector of the port of New Orleans. The second was Miss Mary Maxwell, still living. Kearney saw and admired him. The two went to Europe together, and after being gone about a year, during which a suit for divorce from the first Mrs. Kearney was prosecuted before some means, means, and were married. When Kearney was killed, his estate was left to his second wife, with a provision of \$50,000 to Mrs. Kearney, Mrs. Buillit, and the same to each of her children. Mrs. Kearney, now Maxwell, is living here in fine style. She is said to be very remarkable and takes a lively interest in the welfare of others and their families. She is a beautiful woman still, and much courted and admired.

Letter from Mrs. Lincoln.

Mr. Carpenter, the artist, who has been publishing in the Independent his personal recollections of President Lincoln, gives, in his last contribution, the following extract of a letter from Mrs. Lincoln:

"Truly," writes Mrs. Lincoln, "no sorrow has been like unto mine. I am as broken-hearted over this overwhelming affliction as when the terrible tragedy first came, and of course far far more."

I have lost my mother and my best brother that sons were ever blessed with."

"Until God's shall place me by his side again, I shall know no peace, or alleviation of my grief. Knowing him as I do, I am sure you can pardon and appreciate a wife's great sorrow over so unlamentable a loss."

The scarcity of money was no doubt the cause of much sacrifice.

Both branches of the Legislature have passed a bill taxing all cotton shipped from the State since the 1st of October last, or that may be shipped hereafter, two dollars per bale; and it has received the signature of the Governor.

A correspondent writing from Fort Delaware gives this account of the release of ex-Governor Lubbock, of Texas:

Governor Frank Lubbock, of Texas, left this morning for his home via New York, and will be in that city on the 1st of December. With him, he remarked that since he has been a prisoner he has been guarded by, and held familiar intercourse with, the private soldier from eleven different Northern States, and had known as much of those before the war, since his confinement, as would have allowed him to do in the Union. He believed his experience while a prisoner, if he be allowed to tell it, cannot fail to be of some service to Texas, toward bringing her back home to her faithful allegiance. We believe a little of our Southern loyalty is still surviving in the Union, by our generous commander, Brig. Gen. A. Schoepf, who has done him like it has many others, not a little good. He believes he leaves here to-day as good a Union man as he ever was a rebel. The scene at the wharf this morning, while shunting warily with the "God bless you for your kindness to me" was impressive indeed. He leaves here about the most popular transmogrified rebel that ever left this school of reform.

The Richmond Enquirer announces the recovery of the late Colonel Dahlgren's false leg. It says:

The detectives having received information which led them to suspect where the false leg was proceeding to the house of a Mrs. Carter, in Albemarle county, near Charlottesville, where it had been found, the person of N. P. Ballard, who had been wearing it for some time, he having lost a similar member in one of the battles of the war. Mr. Ballard readily gave it up and stated that he had received it as a present from a general, who had purchased it for him while in the service.

It will be remembered that a short while since detective Lohman secured the ring which was upon the little finger of Col. Dahlgren, that was cut off at the time of his death.

The Richmond Whig of the 27th concludes an editorial on the President's policy in the following threatening style:

Having emancipated the negroes and left them to live in the South side by side with the whites, who are their former owners, and who, notwithstanding all the declarations of the South, will be their slaves, they are the best friends they have on earth, and the North will now deal magnificently with the Southern people, the Southern people will make it a point of honor to deal magnificently with them. NEW YORK, Nov. 30.—The Washington special to the New York Herald says it is understood that the South Carolina delegation at the organization of Congress, to deliberate the clerical honors and emoluments with Pennsylvania, which has now long enjoyed a monopoly of them. A struggle to deprive Mr. McPherson from the Clerkship of the House will now be made. Several candidates for the Clerkship are being talked over by the members already here, and, it would seem from their earnestness, that Mr. McPherson has more to do than simply walk over the course. The name of Richard A. Shermer, of Oneida County, New York, for Vice and New York Clerk of the House, is mentioned in this connection.

The officers of the Pension Bureau are convinced that there are a large number of persons in the New England and the Western States who are planning themselves or upon the people of the South, and also among agents of the Bureau, who are entirely unreliable. All agents for pensions are required to hold licenses from the Commissioner of the Bureau.

The surgeon having charge of the freedmen in North Carolina reported during the last three years that there were great increases upon the yellow fever and smallpox. The mortality at Fort Anderson, one of the greatest colonies of the State, was unprecedented during the rage of the fever, lasting over two thousand dying in less than two months; and, however, the sanitary condition is constantly improving.

The World's special says General Fullerton, who has just returned from Louisiana, reports the planters unable to obtain a sufficient amount of laborers, and could employ several thousand more freedmen if not for the fact that the State of Louisiana is absorbed in repairing the losses sustained during the war, and take very little interest in political or military movements. Real estate rents and all products are commanding high prices, and all branches of business have been resumed with a degree of enthusiasm unusual in that State.

It has been strongly intimated to-day that the Clerk of the House intends to place the names of the Tennessee delegation of Congressmen on the rolls the day of the session, and the Senate of the South is regarded in this new category as that of the other Southern States, and if this intention is carried out, an Ohio member will move to strike their names from the roll. Those who favor the measure say that Tennessee is fully restored to the Union, and is therefore entitled to immediate representation. Nearly all the Tennessee Congressmen are here.

A special to the Times says there will be seven contested seats in the coming Congress. There is the case of Brooks and Dodge in the eighth district of Indiana, on a straight contest will be made. Mr. Brooks is the sitting member. In the Sixteenth Pennsylvania District there is a contest between Messrs. W. H. Koonz, Republican, and A. H. Coffrath, Democrat. The probability is that this case will come at once, and that Koonz will be given the seat, and the case referred to the Committee on Elections.

In the Twenty-first Pennsylvania District Smith Fuller, Union, contests the certificate of John L. Dawson, Democrat. In the Thirteenth Indiana District, the seat of Columbus, Delano, Union, is contested by Mr. Follett, Democrat. In the Seventh Indiana District the seat of D. W. Voorhees, Democrat, is contested by H. D. Washburn, Union. In the Fourth Missouri District the seat of Capt. Kelso, Union, is contested by S. H. Boyd, Democrat. In the Fifteenth Missouri District the seat of Mr. Trowbridge, Union, is contested by Augustus C. Baldwin.

The credentials of members are very slow in arriving, and it is doubtful if the Clerk will be able to make up his roll in time. Some of the credentials received, there is a contention from time to time of the Territories. The certificate of Governor Goodman, the delegate elect from Arizona, has been received, signed by himself. Of course not more than three or four of the members elected are seated, and the managers of the House are compelled to notify shippers that they cannot forward any more freight until the accumulated surplus disappears.

The Cumberland river at Nashville was at stand Wednesday evening, with sixteen inches water on the shoals. The North, Cincinnati, and the Lawton for St. Louis, was to leave Pittsburg yesterday.

The Pine Grove left Pittsburg for this port on the 28th, full freighted.

The Indiana, hence for New Orleans, had arrived in working over Flint Island bar, we learn by arrivals yesterday, but had not reached Evansville up to yesterday.
